TH OCEAN'S WAVES SIX PERSONS BATTLE

ataways Striving to Reach Cuban Coast.

REW REFUSED TO QUIT CRAFT

hey Remained on the Helpless Si- rocco, and Said They Would Try to Take Her Into One of the Ports of Cuba.

New York, Oct. 26.—Somewhere r out in the Atlantic, off the Flori- coast, half a dozen men, perched the roof of the afterhouse of the terlogged British schooner Siroc- are struggling against wind and a to reach a Cuban port with their most helpless charge.

The plight of the men is due in part to the heroic devotion of their captain, who when help was at hand, chose to face death rather than aban- don his ship and her cargo of lumber. He declined an offer of assistance from the steamer Parima, which ran down to him last Sunday when he was wallowing in the seas, 600 miles east of Florida.

The captain asked only that he be given supplies to replace those which were ruined when his ship filled with water. When this request was grant- ed the captain and his crew settled down in their precarious quarters on the roof of the afterhouse and an- nounced their determination to sail the Sirocco to Cuba.

The Sirocco sailed from St. John, N. B., Sept. 27 with a cargo of lum- ber for Cardenas.

On Oct. 5, when off the coast of Maryland, she ran into a fearful hur- ricane. Pounded and battered by wind and sea, the Siroccowas thrown about like a cork, some of her seams were ripped open and she began to fill.

Before the storm had abated her hull was filled, her decks awash and the deck houses were flooded.

All the stores for the voyage which were in the houses were ruined by sea water and the men were in a sad plight when the Parima came in sight.

The Sirocco is owned by Troop & Son of St. John, N. B.

16-Round Bout.

San Francisco, Oct. 26.—Joe Thomas, champion welterweight of the world, knocked out Dick Fitz- patrick, of Chicago, in the sixteenth round of a scheduled 30-round con- test Wednesday night at Colma. Thomas had the class all the way and did all the work. In the sixteenth round Thomas landed a hard left to the jaw, staggering Fitzpatrick. The champion quickly shot over a right swing, putting his man to the floor for nine seconds. When Fitzpatrick arose he received another of the same class that put him out. Fitzpatrick showed that he is a clever blocker of blows, but he was unable to punch.

Mad Dog Bites Six People.

Raleigh, N. C., Oct. 26.—A phy- sician here has treated five men and a boy who were bitten by a mad dog, a large spotted hound, which ran amuok through the principal streets of the city, was shot at perhaps a score of times and pursued for hours, though he was not killed until some boys killed him with pitchforks in the suburbs. Three of the persons bitten were badly hurt. Several dogs were also bitten, and it has been recommended that these be killed at once. The physician gave the men bitten anti-scrum and cauterized the wounds.

Former Newspaper Man Dead.

Santa Ana, Cal., Oct. 26.—Frank W. Mack, for many years a news- paper man, and formerly superinten- dent of the eastern division of the Associated Press, died Wednesday night of consumption, after a linger- ing illness.

Given Independent Artillery.

Paris, Oct. 26.—Major Dreyfus, who was detailed for duty with one of the artillery regiments at Vincen- nes, has been given an independent artillery command at St. Denis.

NEWS FROM ARCTIC EXPEDITION

Letters Were Dated From Port Hope on July 25.

Victoria, B. C., Oct. 26.—Letters have been received from the Anglo- American Arctic expedition which left Victoria on May 20 on the schooner Duchess of Bedford, dated from Port Hope on July 25.

It had not been expected that the schooner would reach this port be- fore Aug. 15. From there the ves- sel was to proceed at once to Minto Inlet, Prince Albertland, where win- ter quarters would be established.

The letters say that on July 8 the schooner had a narrow escape from going ashore in Behring Straits dur- ing a heavy fog.

While at Teller City the sailing master, Parker, and the cook refused duty, and only, it is stated, when threatened with irons on the revenue cutter Thesis, did they return on board, and then only on the condi- tion that they be replaced at Point Barrow.

A good supply of dogs was secured for the ice trips at St. Lawrence Island. Ice is reported heavy this year, but the explorers were hopeful that they could round the fringer and reach winter quarters at Prince Al- bertland, where the schooner will be anchored as a depot and a camp will be made ashore.

Chaffeurs on Strike.

New York, Oct. 26.—Three hun- dred chaffeurs employed by the New York Transportation company, who operates 350 public electric cabs, went on strike Thursday for an increase in wages As a result nearly all, the cabs remained in the big garage at Fiftieth street and Eighth avenue on Thursday. A non-union man who at- tempted to take one of the electric vehicles from the garage was shot on by the crowd of strikers and dragged from his seat. He was being roughly handled, when he drew a revolver and fired into the crowd. No one was hit. A big force of policemen, who had been summoned when the trouble began, arrived just after the shot was fired. They charged the crowd and made two arrests.

Sage Servants Receive Gifts.

New York, Oct. 26.—Mrs. Russell Sage Wednesday made several cash gifts to servants of the Sage house- hold of the fortune of almost $100,- 000,000 left to her by her late hus- band, who did not make them any bequests. Charles S. Boss, the coachman, who has served the fam- ily for 40 years, received a cash pres- ent of $2,000; William Boss, his son, also received $2,000. Three female servants of the household, all of whom have records of long service, each received $2,000, and the care- taker of the Sage town house on Fifth avenue was given $1,000. Mrs. Sage is building a $4,000 cottage for Charles Boss near the stables at Ce- dar Cross.

Hewed Body With Axe.

Centreville, Miss., Oct. 26.—Tom Crompton, a negro, was lynched by hanging near here. It is alleged that he confessed to the murder of Ely Whitaker, a farmer. Whitaker was murdered Tuesday, and all Tuesday night a posse of men, suspecting foul play, searched for him. With this posse was the negro Crompton. On Wednesday he begged leave from the searchers to go home, but after he had gone the posse followed him, finding, it is alleged, that instead of going home, he had gone to the spot where Whitaker's body lay, and cut- ting off the head, arms and legs with an ax, had dropped them into a sinkhole near his cabin.

Mobile Woman Kills Husband.

Mobile, Ala., Oct. 26.—Mrs. Mary Dower shot her husband, Thomas Dower, inflicting a wound in the back of the head, from which he died in the ambulance while on the way to the hospital. Mrs. Dower refused to make any other statement than that she shot her husband in self-defense.

Georgia Posse Chases Negro.

Savannah, Ga., Oct. 26.—Indefi- nite reports from Sandersville indi- cated that a posse was in pursuit of a negro who had entered a home there and compelled a lady to cook him a meal. It was said that a lynching was imminent.

MANY LIVES LOST IN KANSAS CITY FIRE

Over Two Hundred People En- trapped by Blaze.

WHICH DESTROYS BIG BUILDING

Men and Women Perish Jumping From Windows—Unknown Infant Hurled From Burning Building by Frenzied Mother.

Kansas City, Oct. 26.—In the ruins of the Chamber of Commerce building, Kansas City, Kan., de- stroyed by fire early Thursday, there are anywhere from half a dozen to 30 bodies, according to estimates given out Thursday morning by fire- men who had worked at the scene all night.

On the other hand, Assistant Fire Chief Lind, at 8 o'clock Thursday morning, insisted that the dead would not reach over eight.

At 8 o'clock Thursday morning the body of E. O. Young, a laborer, was removed from the ruins. Young had lived on the fourth floor with his family. The fate of his family is not known.

The actual loss of life will not be known until a thorough search of the ruins can be made, probably not then, as some of the firemen assert that many bodies must have been burned to ashes.

The building, used as a tenement house and containing 100 rooms, held as near as can be learned between 200 and 300 persons at the time the fire broke out, at 12:30 Thursday morning.

Most of these composed families, many others were transients, whose names are unknown. The only per- son who knows the actual number of occupants of the building is the jan- itor, who is missing.

It was the custom for many of the transients, who came mostly from the nearby railroad yards, not to register, and thus all trace of them is lost for the time being.

Only a thorough search of the ruins, that may take days, will finally re- veal the exact extent of the catas- trophe.

At 8 o'clock Thursday morning the known dead numbered four.

John Lynch, driver of a sand wag- on, lost his life trying to save the Sparks baby.

An unknown babe was fatally hurt, dropped from the second floor to a policeman, who failed to catch her.

Twenty-five others were injured while trying to escape from the build- ing.

The Chamber of Commerce build- ing was situated at Park and Cen- tral streets, in the Riverview dis- trict of Kansas City, Kan. It was erected 14 years ago at a cost of $85,000, to be used as a board of trade. The city grew away from it, however, and it was never used for its original purpose, but for many years had been occupied as an apart- ment house. The structure was 4 stories in height and built of brick and stone alone.

It contained 100 rooms, almost all of which, as far as can be learned, were occupied by families, individual laborers, railroad employes and oth- ers at the time of the fire.

The fire broke out on the ground floor from some unknown cause at 12:30 o'clock. Isolated as it was, the burning building was difficult of access and it was some time before the fire department reached the scene. Several companies were at a fire in another part of the city.

When the firemen arrived the en- tire building was in flames and all means of escape by stairways for the score of occupants was shut off.

On two sides of the building the elevated railway tracks hemmed it in and made still harder the work of the firemen. Then another obstacle arose. The firemen did not have sufficient ladders and many of those they had were too short to reach the upper stories.

A stifling smoke filled the building, evidently coming from the burning stock of merchandise on the floor be- low and some of the occupants prob- ably were never able to leave their rooms.

When the firemen arrived at the burning building they saw men hang- ing from windows of the upper floors and frantic women with babies in their arms and children clinging to them, leaning far out from the win- dows unable to find any means of es- cape and yet taking advantage of the little fresh air which the windows afforded.

The firemen quickly ran their lad- ders up, but they did not reach above the third floor. Many persons were on the floor above.

The firemen first devoted them- selves to the people on the second and third floors, and did not then heed the screams of the people above. Many persons in the interior of the building were already overcome by the dense smoke and had to be car- ried out by the firemen. But many were able to escape down the lad- ders without assistance.

After getting every one they could find out of the second and third floors, the firemen turned their at- tention to the people above. As the ladders did not reach above the third floor, the men on the fourth floor literally pitched their wives and chil- dren down to the firemen on the lad- ders and then jumped down them- selves. Some of the more excitable ones jumped to the ground and were either killed or badly injured.

Some whom the firemen tried to catch fell the entire distance to the ground.

Jesse Ford, a laborer, carrying his wife in his arms, climbed out of a window of the fourth floor. He walk- ed along a beam until he reached a point directly over a fireman's ladder and then dropped the woman to the ground. Ford then went back and got his 9-months-old baby and saved it in a like manner. He then jump- ed himself and was caught by a fire- man.

H. G. Wilson was one of the first persons on the fourth floor to get the attention of the firemen. He ap- peared at a window directly above a ladder and dropped his baby down to a fireman. Wilson then dropped his wife and she was saved and he followed, escaping serious injury.

John Lynch grabbed the baby of John Sparks and jumped with the child, but fell in the burning debris below. Both disappeared and were burned to death.

Another baby thrown from one of the upper windows was caught by a fireman uninjured.

The fire interrupted street car traf- fic on the elevated road and a mo- torman, whose car stood just oppo- site the burning building, said he saw five or six persons in the upper floors struggling frantically to escape, and he is certain all of them suc- cumbed to the smoke and toppled over into the ruins.

Will Take No Further Action.

New York, Oct. 26.—Governor Higgins will take no further action in the case of Albert Patrick, con- victed of the murder of millionaire Rice, either by hearings, appoint- ment of a medical commission, or anything else until after the federal courts have rendered a final decision. Announcement of this was made on Wednesday by Dr. Clark Bell, presi- dent of the Medico Legal society. Members of the society interested in the scientific phase of the case had presented a large petition praying for the appointment of a medical com- mittee. This the governor, through his counsel, T. W. Hefferl, has re- fused to do until the United States supreme court acts.

Secured Bible 200 Years Old.

New York, Oct. 26.—In competi- tion with King Edward of England, who sought it as a memorial to his mother, the late Queen Victoria, J. Pierpont Morgan has secured the original Cluny Bible, in illuminated text, on parchment, the work of the Cluny monks in France, and more than 200 years old. With it he also has obtained an illuminated copy of the original order of arrest of John Bunyan on a charge of heresy.

Aged Gypsy Dead.

New York, Oct. 26.—Mrs. Louisa Smith, the oldest Gypsy in America, died Wednesday in a camp near Free- hold, N. J. She was 101 years, 2 months and 13 days old.

Knoxville, Tenn., Oct. 26.— noon Wednesday 900 men quit w at the Coster shops of the South railway in this city.

They walked out leaving one m in each shop to look after the too Wednesday morning when a pass ger train from Cincinnati stopped Coster, seven machinists and 12 m chinists' helpers, all strike breake left the train and went to the sho A committee of shopmen subseque ly waited upon Superintendent of M tive Power J. B. Machael and quired if these men were to be to work in the shops. Mr. Mich replied in the affirmative. The perintendent's answer spread v quickly, and when the strike-bre ers entered the machine shops before noon, the 900 employes their work and came to the city.

No demonstration accompanied suspension of work. Representati of the shopmen state that the wa out is on account of the general sy pathetic views entertained for the m chinists who are on strike. South railway officials have made no sta ment as to what will be done.

The boilermakers working at Southern shops have declared agai a walkout, at least for the present.

At a meeting of the local orga ization over which its chief exec tive, L. L. Householder, presid the situation locally was given a f and free discussion and ended in declaration that the boilermakers w satisfied, at least for the present.

The Atlanta machinists, at a me ing held Wednesday, issued an a dress in which they gave to the pu lic their side of the question. that address given out by the pr committee it is stated:

"The Southern railway would le the general public under the impre sion that the company offered in th proposition to the machinists a proposition of 1 cent in all the sh on their system. The fact is th the machinists would gladly accept flat proposition of 1½ cents, and su mit the balance to arbitration.

"The real proposition of the co pany is as follows:

"The company agreed to give men in the following shops the fo lowing advance: Manchester, 1 cen Lawrenceville, 1 cent; Spencer, cent; Columbia, ½ cent; Charlest ½ cent; Augusta, 3½ cents. Atlan 1½ cents; Birmingham, 1 cent; Sa ma, ½ cent; Knoxville, ½ cent.

"From the above it can be plain seen by the most casual observer th the above figures would only give less than ⅛ of a cent increase to t men involved.

"It would be the most unreasonab proposition to expect the men to y this much at the very start, a trust to arbitration for the balan Were it a matter of profits, one co with safety accept, but where it volves the brains and life of hum beings, the proposition is manifes unjust upon its face.

"We urge the public to suspend judgment in the matter until the e dence is all in.

Possum Hunt Fatal.

Macon, Ga., Oct. 26.—J. E. Ha ilton, a young farmer living near Pella, was killed while out possum hunting with several companions. The party cut a tree and when it fell young Hamlin was crushed to death. He was a son of J. C. Hamlin, a prominent farmer of Crawford county. His sudden death is the cause of deep grief to his relatives. He was 19 years old and was favorably known. He came to Macon to make arrangements for the funeral when the accident occurred Thursday morning.

G COTTON SALE MADE AT ALACHUA

ht Hundred and Fifty Bales old at a Handsome Figure.

E BUYERS WERE NUMEROUS

nouncement That Sale Would be ade Brought Many From Every ection of the County—Were Indi- endent at Beginning of Season.

ly far the most important cotton al consummated in the Sea Island ton district for several years was de at Alachua Thursday, when eight ndred and fifty bales of the staple, longing to various growers and ored in the warehouse of the Ala- hua Cotton Association, of which J. . Williams is president, was sold in roun l numbers at 25 cents per pound, f. o. b. Alachua. It was a great victory for the growers, who have been compelled formerly to accept whatever the buyers felt pleased to offer them, which as a rule has been a price which would barely let the grower out of the hole.

But President Williams and other officers of the Association this year decided to work things differently—and they did. They realized that the buyers had entered into contracts to furnish spinners all over this country and abroad, and, with that shrewdness equal to that of the buyers, and even more deep in this particular instance, they knew the buyers had to have the goods.

This sale was advertised some time ago, and caused a great agitation on the part of the buyers, who had been offering from eighteen to twenty cents, considering the last price an exorbitant one; but the planters were fixed. They had their cotton and did not need the money, hence held the big end of the horn, so to speak. The buyer at the beginning appeared independent, and did not care whether he bought or not, but the planter, who had the goods in his possession, was also independent—and independent to that degree that the buyer became a little nervous.

The matter came to a focus when the Association advertised that the cotton would be sold at Alachua on Thursday, the 25th inst., and the announcement brought buyers from everywhere, who acted very cleverly and wanted to "scoop" the whole business; but the grower was having his play on this turn, with the result that he got his price.

Disposition of all stock on hand, amounting to eight hundred and fifty bales, was as follows:

J. D. Taylor of Charleston, S. C., 250 bales; G. C. Hayward of Savannah, 400 bales; Henry W. Foster & Co., Hamburg, Germany, 100 bales; The Wyley Company, Liverpool, England, 100 bales.

The price paid was spot cash, f. o. b. Alachua, and as a result the planter has his money in his pocket—and everybody should be happy.

This news will be rather sad to the factors who early in the season contracted to deliver a certain amount of cotton to the spinners at twenty cents, since this sale, owing to the shortage of the crop, very nearly clears up the Sea Island cotton for the present season.

THE DISTRICT CONVENTION.

List of Those Who Were Present at the Convention of That Order.

Following is a list of those who attended the district convention of the Masons, which was held in this city for three days, Tuesday, Wednesday and Thursday:

Past Grand Masters Marcus Endel of Jacksonville and J. Carnell of Daytona; O. J. Farnell and W. H. Anderson, Cedar Key; M. E. Schlater, Micanopy; T. H. Cato, E. A. Raines, Alachua; O. C. Husband, Melrose; S. B. Humphrey, Newberry; J. H. Alderman, J. M. Price, Melrose; T. E. Hodgson, Williston; M. J. Driggers, Fannin; E. G. Spencer, Alachua; C. E. Whiting, Waldo; Shaw Stewart, J. L. Lovejoy, High Springs; W. E. Baker, Melrose; T. J. McRae, Hawthorn.

At the conclusion of the meeting Thursday night those present participated in an oyster supper, which was prepared by M. B. Saunders and a committee in the usual "good old way." Mr. Saunders as a caterer is hard to beat, and his services are always in demand upon an occasion of this kind.

REAL ESTATE TRANSFER.

Phifer & Maples Have Purchased Valuable Farm at Windsor.

D. M. Phifer of this city and M. W. Maples of Windsor have recently made a valuable real estate purchase at Windsor, having bought of J. D. Stringfellow what is known as the old Lewis place.

The Lewis place comprises fifteen acres of fertile land, under fence, and a number of fine bearing orange trees. It is regarded as one of the best small places in the county.

Mr. Phifer, who has been living with his family in Gainesville, has decided to move back to Windsor, and will take charge of the place.

"Peck's Bad Boy" All Right.

Captain C. R. Layton, manager of the Gainesville opera house, has received the following letter from Captain A. F. Burns, commanding the Hill City Guards and manager of the Brooksville opera house, under date of October 25:

"You can tell anyone that 'Peck's Bad Boy' is all right. The company played here last night to the best people in town, and everyone was well pleased. Their specialties are fine, and there is nothing in the performance that any lady would not care to hear or see."

Special Meeting Commissioners.

A special meeting of the Board of County Commissioners was held Friday for the purpose of preparing the ballot boxes for the election on Tuesday, November 6. The board also considered several other matters, among which was the State Fair exhibit, and felt very much encouraged over the prospects, as a number of sub-commissioners made favorable reports. The board is very much encouraged, and feels that the exhibit at the State Fair this year will mean a great deal to the county.

Big Day at Land Office.

Friday was a big day at the United States land office, as there were many who came on business connected with that office. Among these visitors were H. W. Odom, I. T. Crawford and W. T. Beach of Branford; M. J. Driggers, G. W. Newmans, Nathaniel Deas of Old Town; C. Judson of Ezelle; Harry Peterson, Wm. B. Munden, K. L. Osteen and R. L. Ransom of Morriston.

Building in North Gainesville.

The building in the progressive suburb of North Gainesville, which is now a portion of Gainesville, continues. Many of the residents have within the past year of two erected handsome homes, and still the good work goes on. Among the latest additions to the homes of North Gainesville will be a cottage, four rooms, which is being erected by R. T. Schafer, the baker.

The Lonely Life

The Tragic Confession of a Spinster, Who Realizes That No Fame or Wealth Can Compensate for the Solitude of Her Life.

In this article the author, whose name for obvious reasons we are not at liberty to disclose, drops for once the mask which she in common with other "Bachelor Maids," is accustomed to turn to the world.

Though no longer young, she frankly says she longs for the companionship of a husband and the care of children. The circumstances which have kept from her the happiness which these blessings bring are stated with the same directness which characterizes the whole article. It is the life-story of a "successful" woman, a drama of real life in which the last act is a tragedy.

AD NEGRO WAS FOUND AT LACROSSE

overed by Negro Who Noticed Presence of Buzzards.

BADLY DECOMPOSED

ers Were Notified and Searched the Remains, But Nothing Save a Sling Shot and Jew's Harp Were Found—Buried in Potter's Field.

n Wednesday morning a startling overy was made by a colored man one mile west of LaCrosse.

The man was walking along the road, his way to LaCrosse, when his attention was attracted by a lot of buzzards circling around some object near the road. His curiosity prompted him, he went to the spot, where he discovered the partly decomposed body a man.

Naturally the negro was frightened, and he notified Officer J. W. McCann and others in LaCrosse, who went to the scene and fonnd the body of a negro who must have been dead several days, as the conditions of the body would indicate, as the stench was so great it was with the greatest difficulty any member of the party could go near it.

Officer McCann, however, went to the body and searched it. He found nothing but a sling shot and a Jew's harp in his pockets, there being no papers or other article to identify him. The man appeared to be a young negro of eighteen or twenty years of age. There has been no one missing from the LaCrosse section, and the finding of the body is a mystery.

The remains were interred in a potter's field without ceremony, and without any information as to identity.

From the condition of the wounds, it is apparent that the man was killed by being struck in the head with some blunt instrument.

NIVERSITY DEFEATED ROLLINS

Out in First Game by Close Points and Good Playing.

The first game of football of the season was pulled off in this city Friday between the University of Florida and the Rollins College teams.

The game was fairly well attended, and a great deal of interest was manifested. The score resulted in a victory for the University boys of six to nothing.

Neither team scored in the first half which lasted for twenty minutes, but in the second half, which was twenty minutes more, the University boys made six, which gave them the game.

Mrs. A. M. Cushman and daughter, Miss Gertrude, have returned to their home from Accord, Mass., where they have spent a most delightful summer. Friends are glad to welcome them home again.

C. N. Atkinson, general manager of the Gainesville and Gulf Railroad, has returned from Birmingham, Ala., to which place he accompanied his wife, who was called to Kansas City, Mo., on account of the death of her father. He made the trip in his private car, No. 99, which he fitted up with all modern conveniences.

T. L. Hodgson, who has been in the city for the past two days on a visit to relatives, returned to his home at Williston last night. Mr. Hodgson is a progressive citizen of the Williston section, and has many friends.

Capt. E. T. Hawthorn of Hawthorn, a sub-commissioner of the Alachua county fair, was in the city yesterday to attend the meeting of the sub-commissioners with the county commissioners. He made The Sun an agreeable call.

The S. J. Thomas Company tells the readers of The Sun in this issue that they have just received a carload of kettles and cane mills, improved three-roller, which they are offering to the public. They are anxious to dispose of these goods, and will make the price right to those desiring to purchase. See the advertisement, which is illustrated.

Phifer & Morris are advertising their fall and winter opening, which is now on, and will last through today. They are agents for the celebrated Globe Tailoring Company of Cincinnati, and have over 500 samples from which to select. The Globe Tailoring Company are no strangers here, having been making clothes for a number of the best people of Gainesville for the past ten years.

Postmaster Alexander Zipperer of Madison was among the prominent visitors to this city yesterday. He came for an important political conference with Hon. Henry S. Chubb, chairman of the Florida State Central Republican Committee, and who is the moving figure in Republican politics in this State. We did not learn the nature of the mission, but judge from Postmaster Zipperer's pleasant expression that matters must have "come out" to suit him.

The newest, brightest and most up-to-date light of the present time is the Pitner system of gasoline lighting, of which William Anderson is the county agent. Mr. Anderson has installed in the store of W. M. Johnson this system, which is admired by all who have seen it for its unusual brilliancy. It is not only an extraordinary bright light, but a cheap one, and is destined to become the leader. The system is simple, and can be operated by any person with ease. Call at Dr. Johnson's and see how easy it is, then confer with Mr. Anderson about the cost.

Of all old friends none are more welcome than Henry Peck, Peck's Bad Boy. This good natured lad and his mischievous pranks will always hold a warm place in the hearts of the old and young. For years he has amused and entertained the American public, and he comes now as full of merriment as ever. Dull care disappears like mist beneath the sun's rays when the bad boy sports with the funny groceryman, annoys his ma, his pa, and makes love to his girl. A bright galaxy of specialty artists adds to the general excellence of the performance, and nothing but the highest praise is heralded all along the route and crowded houses testify to the increasing popularity of the Peck's Bad Boy Company. Joe A. Wallace, owner and manager, never had a poor company nor play.

These cottages will be limited in room, but will be modern in every way, and will no doubt find ready tenants.

Hackman Takes His Own Life.

Athens, Ga., Oct. 26.—George T. Matthews, a well known hackman, committed suicide Wednesday night, with morphine. His body was found in the basement of the city hall. Bad health and domestic troubles are said to be the cause of his suicide.

EVEN KILLED BY EXPLOSION.

Gas Lets Go in a Mine of Cambia Company.

Johnstown, Pa., Oct. 26.—By an explosion in the rolling mill mine of the Cambria Steel company Wednesday afternoon, seven men are dead and two are painfully, but not fatally, injured. Up to the present only one of the dead has been identified. He is an American-born miner, Sampson Luther. It is believed the other dead are all foreigners, as are the injured. The wounds of the latter consist of burns on the back and arms, lacerations of the scalp and other parts of the body.

The explosion took place in heading No. 29, a considerable distance from the ill-fated Klondyke section, where 24 men lost their lives over four years ago.

The exact cause is not known, but it is supposed gas was fired by a blast. All the men had their safety lamps in proper trim, showing that the accident could not have been caused by neglect in that direction.

No damage was done to the workings, and the mine will be running soon.

A Most Worthy Article.

When an article has been on the market for years and gains friends every year, it is safe to call this medicine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs and all pulmonary diseases. One of the best known merchants in Mobile, Ala., says: "For five years my family has not been troubled with the winter coughs. We owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells." Sold by W. M. Johnson.

Sensational Police Shakeup.

New York, Oct. 26.—Probably the most sensational shakeup which the New York police department has ever experienced will go into effect Friday when every captain except one in the five boroughs in the city will be transferred by order of Commissioner Bingham. The changes are made "for the good of the service," the commissioner announced Thursday. The one captain left undisturbed is Captain Schlottsmann, who commands the tenderloin precinct. There are 85 police captains in Greater New York.

Johnson.

Takes Charge of Defunct Bank.

Butte, Mon., Oct. 26.—The United States bank examiner has taken charge of the affairs of the defunct Aetna bank and will at once begin an investigation of the affairs of the bankrupt company. Depositors claim the officials were aware of the insolvency of the bank when they received deposits.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

DIED SUDDENLY OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, smothered sensations and other distressing symptoms.

Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on *Materia Medica* for the cure of just such cases. Golden Seal root, for instance, is said by the UNITED STATES DISPENSATORY, a standard authority, "to impart tone and increased power to the heart's action." Numerous other leading authorities represent Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb, general tonic. But probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root, or *Collinsonia Can.*, Prof. Wm. Paine, author of Paine's Epitomy of Medicine, says of it:

"I, not long since, had a patient who was so much oppressed with valvular disease of the heart that his friends were obliged to carry him up-stairs. He, however, gradually recovered under the influence of Collinsonin (medicinal principle extracted from Stone root), and is now attending to his business. Heretofore physicians knew of no remedy for the removal of so distressing and so dangerous a malady. With them it was all guess-work, and it fearfully warned the afflicted that death was near at hand. Collinsonin unquestionably affords relief in such cases, and in most instances effects a cure."

Stone root is also recommended by Drs. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and *permanent* influence."

"Golden Medical Discovery," not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels and curing catarrhal affections in all parts of the system.

French Parliament Reassembles.

Paris, Oct. 26.—The French parliament reassembled Thursday afternoon. The sessions were robbed of all interest, owing to the fact that the new cabinet was unable to present itself. Premier Clemenceau having previously officially advised the presidents of the chambers that a ministerial declaration would not be ready for several days, the sessions of the chambers were brief and perfunctory, adjournment being taken until Nov. 5. The only business transacted was the appointment of a committee by the senate to consider a proposition to transfer the ashes of Emile Zola to the Pantheon.

Pope's Condition Improved.

Rome, Oct. 26.—The pope's condition has improved. The swelling in his foot has almost disappeared, the pains have ceased and his temperature was normal. He was therefore allowed to receive the British pilgrimage, but instead of audience occurring in the hall of the consistory, as pre-arranged, and which would have made it necessary for the pontiff to walk, it was held in the throne room. The pope was carried to the throne and the pilgrims filed before him and kissed his hand. Although the pontiff was languid and pale, his general condition was seemingly satisfactory.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to, I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." Fire Loss About $80,000.

Raleigh, N. C., Oct. 26.—Fire in the shops of the Virginia Bridge and Iron company, at Burlington, N. C., destroyed one of the largest buildings and its contents, including a quantity of improved machinery and two spans of railroad bridge. The firemen were handicapped in fighting the flames by the lack of water. Many workmen are thrown out of employment and other departments of the works are seriously affected. The loss to the company is $80,000, largely covered by insurance. The building, valued at $10,000, is a total loss.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Coleman Drunk; Killed Mother.

Waycross, Ga., Oct. 26.—Chief of Police John W. Colley received a telegram from Florida to keep a lookout for Harry Coleman, who shot and killed his mother, and who, when last seen, was coming in this direction. No particulars of the killing was given, but it is supposed that Coleman was drunk when he murdered his mother. Harry Coleman is a son of the late J. Q. Coleman, and was raised in Ware county. He is a pretty tough character, and has been tried several times for his life, but managed to come clear.

Georgia Man is Convicted.

Houston, Tex., Oct. 26.—Clarence N. Hughes of Swainsboro, Ga., aged 22 years, who has given banks in all parts of the country trouble during the past several years, was convicted here on three counts of forgery and given two years in each case. He made a plea for mercy and received the minimum penalty in each case. He made an escape from the Colorado state penitentiary, and is also wanted in Alabama, Louisiana, Ohio, Pennsylvania, Maryland, Arkansas, Illinois and probably other states.

Injured by Boiler Explosion.

Davisboro, Ga., Oct. 26.—The boiler at the ginnery of Mrs. J. S. Poston, about a mile from here, exploded, scalding and breaking one arm for Jesse Poston, breaking an arm and a leg for Buck Wicker, a negro, and scalding badly. The boiler blew through the top of a tenant house, ploughing itself away and struck the ground 100 yards from where it was stationed. Poston will recover, but there is some doubts about Wicker recovering.

Bryan Cares for Aged Admirer.

Logansport, Ind., Oct. 26.—Fred Schelly, 80 years old, walked twelve miles to hear William J. Bryan on Wednesday and when he reached the outskirts of the crowd fell unconscious from exhaustion, and is in a critical condition. Mr. Bryan, hearing of the affair, ordered that Schelly be taken to a private hospital and cared for at Bryan's expense.

Missouri Politician Dead.

New York, Oct. 26.—Colonel Holderich W. Herbert, an old time Missouri politician, and member of the staff of Governor Thomas C. Fletcher, the war governor of Missouri, died Wednesday in Bellevue hospital. Colonel Herbert was 75 years old, and had lived in this city for 35 years.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

MR. S. D. FOSS, 116 S. E. 6th street, Minneapolis, Minn., writes:

"I wish to congratulate you on your medicine, Peruna. I have been a sufferer with catarrh of the stomach for over two years, but since I have commenced to take your remedy I have been steadily improving until now I can safely say I feel no more of my old trouble, and as a matter of course, I will always have a good word for Peruna.

A GOOD WORD FOR PE-RU-NA.

"I recommend it to all my friends."

Mrs. Magdalena Winkler, Route 4, Westminster, Md., writes:

"I thank you very much for your advice. I can safely say that Peruna and Manalin have saved my life.

"When I wrote to you the first time, asking your advice, my condition was so poor that I did not expect to live through the winter, but now I am perfectly healthy. I cannot praise your medicine enough and I recommend it to others."

PRAISE FOR PE-RU-NA.

T. T. Markland, a well-known business man of Cincinnati, O., writes from 3100 Woodburn Ave., as follows:

GAINED 10 LBS. IN WEIGHT.

"I can now breathe with ease and also my cough is stopped. I had suffered six months before I took down with la grip.

"I took no other medicine but Peruna and it accomplished all. You told me in your first letter that Peruna would cure me and it has.

"I am seventy-three years old and can attend to my work and business as usual."

Mrs. Theone Mikkelson, Brigham City, Utah, writes:

"I wish to thank you for all the good Peruna has done me. I am entirely relieved from the cough which used to bother me so much every winter.

"My kidneys are also in good condition, and I feel stronger and better all over. For all these things I give the credit to Peruna. your excellent medicine, Peruna. I am pleased to recommend it to everybody."

...Dr. Fletcher, the chewing expert, makes his appeals to the pocket when he declares that the American nation could save a cool million dollars a day and be as well fed by merely masticating properly. He figures out that each individual could forego one-half pound of food daily and keep up health by chewing well whatever is eaten, and that moreal is each one's contribution to the million dollars daily waste. But the busy man who eats his dinner in five minutes looks for waste economies from a different viewpoint. To him slow eating is a waste of good time and death to hustling.

ADVANCE IN PHOSPHATE.

Within the past twelve months there has been a decided advance in the prices of Florida phosphate, the increase, says The Tampa Times, probably averaging $2 per ton at the mines. There is no regular clearing market for phosphate, and it is therefore difficult to get the average of prevailing prices, but it is pretty sure that the advance has been in the neighborhood of 40 per cent

This means a great deal for Florida, not only in the additional money paid for the stuff, but in the enhanced value of phosphate lands which have not yet been brought into production on account of the comparative cost of mining. Mines that would not pay at $4 or $5 per ton at the shaft will pay at the increased price. Lands that have never been tapped will now be brought into production, more men will be employed and a larger output made. There is no danger of over-production, as the market is constantly widening and the demand is one of the fixed factors of commerce which will hereafter be subject to very slight fluctuations.

There are countless millions of tons of phosphate still in the ground, and it will be a century before the Florida supply is exhausted. The call for it will continue until lands that are now deemed worthless will be thoroughly mined and the last pocket emptied. Tampa will be the point of export for the larger quantity of future developments. Her port facilities are and will continue to be specially adapted to the shipment of phosphate with the greatest speed and the lowest cost, and that means it will do the business as long as there is any business to be done.

Aside from the loss of the steamer St. Lucie, houseboats and concrete mixers, the property loss to the East Coast railway on the Key West extension is comparatively small. The roadbed and concrete work is not damaged, which shows how well the engineers have planned for such an emergency as that of the recent hurricane and tidal wave. It is said that the total number of persons lost and missing does not exceed 120. The fishermen and spongers sustained very little loss, all of them having reached safe harbors before the storm struck them. This class of navigators, as a rule, are the most careful seamen plying the waters of the Gulf and Atlantic. They know the danger, and run like a scared dog at the approach of a storm.

Comparison has sometimes been made between the cost to the United States of the pension system and the cost to other countries for their standing armies. Thus the sum paid by the pension bureau for the fiscal year ending June 30, 1905, $141,773,965, is slightly more than either Great Britain or France paid for all expenses of their respective armies, while the United States paid $122,175,077 for its small army in addition to the sum paid on account of the wars already fought. Great Britain pays a little more than $1,000,000 a year in annuities and pensions. It would appear at first sight as if the United States would gain by having a large standing army instead of depending upon volunteers with the result of a swollen pension list.

According to the paper of Atherton Brownell in the October number of Appleton's Magazine, American capital invested in Cuba aggregates $160,000,000. Americans own 15 per cent of the lands, three-fourths of the cattle and one-third of the capital invested in railways and American capitalists monopolize the electric transportation, telephone and telegraph systems of the island. In fact, Cuba's new life is the outcome of American capital.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

THE MODERN HOTEL.

A Product of the Times, It Is Made by the Guests.

Among the silly and absurd articles appearing from time to time concerning hotel and tavern keeping, one tells us again and again how the modern hotel is shown to disadvantage when compared with the inns of colonial days. In these articles the writer dilates and expatiates on the hospitality of the old time tavern, and the cold, indifferent and almost cruel treatment received from the hands of the modern hotel man. Of course every one knows if he will drop sentiment for a moment and give the subject a little sober reflection that the modern traveler, tourist or hotel guest would absolutely refuse the accommodations afforded by the inn of a hundred years ago. The only advantage of a hotel of those times lay in the fact that the lack of material comforts drew from the traveler a warmer fellow feeling and greater sociability—a condition in which one man was more his brother's keeper than prevails today. Again, the travel by coach and the small number thrown together, en route or at the hotel, made closer acquaintanceship not only possible, but far more desirable than in our day of big hotels and big crowds.

The modern hotel is a product of the times. The wants, desires, whims, fads and, on top of all these, the imperative demands of those who travel have made the hotel of today what it is from the standpoint of food, accommodations, method of service and management and from every point of view. The hotel keeper of today responds to the bidding of the guests. One might almost say of the man and woman who travel: "Here is your hotel. You have planned it, furnished it. You have outlined its methods of management, and it is what you believe should be comprehended in the modern hotel."

The colonial tavern, which would not be tolerated for a moment in our days, was adapted to its times. To speak of it as being superior to the modern hostelry is to claim that the old stagecoach, which left you more weary and worn at the end of a hundred miles than the palace coach does today at the end of a thousand miles, was a superior vehicle of travel to those used on the modern railroad.—Hotel World.

UNITED STATES COURT OF CLAIMS

The Publishers of **Webster's International Dictionary** allege that it "is, in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation."

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition; and that in the future as in the past it will be the source of constant reference.

CHARLES C. NOTT, Chief Justice.

Pious Children Accuse Father.

Kokomo, Ind., Oct. 24.—A warrant was issued Monday night for the arrest of B. F. Wilkinson, a wealthy farmer, charged with burning a barn and six horses of his neighbor, William Devore. Wilkinson was indicted on the testimony of his own children. The young people were recently converted at a church revival and say their consciences prompted them to incriminate him.

No Troops For Arzilla.

Tangier, Oct. 24.—Mohammed el Torres, the representative of the sultan, has not sent any troops to Arzilla, which is still in possession of the Bendoros tribesmen, who are terrorizing the town, pillaging the shops and beating the Jews. The Spanish legation here is protesting vigorously against the outrages, as many Spanish subjects have been maltreated.

Passengers Shaken Up.

Michigan City, Ind., Oct. 24.—A runaway traction car on the Indiana Northern line, running from LaPorte to this city, crashed into a moving freight train on the Pere Marquette railway Tuesday near this city. The 25 passengers were shaken up, but none was badly injured.

"Book of Advertisement."

The "Book of Advertisement" would at the present day mislead most readers by its title. It was prepared at the command of Queen Elizabeth and printed in 1565. The purpose of the book was to define the doctrines, discipline and ritual of the English church, so that uniformity should be secured in Great Britain. This book was the direct origin of a denominational title in England, for, after its publication, Sampson, dean of Christchurch, in Oxford, and Humphrey, professor of divinity at Oxford university, with others, dissented from some of the doctrines it contained; hence they were called nonconformists.

Soft Pig Iron Advances.

Birmingham, Ala., Oct. 26.—Sales of No. 2 soft pig iron were reported here Thursday at $20 per ton on 30 days' delivery, which is the highest price reached by the southern iron market in several years. This is a rise of $7 on the ton since the latter part of last July. Spot iron is exceedingly scarce and sales for future delivery are being made well into the second quarter of next year, practically all the production up to the end of the first quarter of 1907 having been sold.

Does Not Approve of Attack.

Cologne, Germany, Oct. 26.—The Gazette Thursday semi-officially affirmed that Chancellor Von Buelow does not approve of the attack made by the German press on the new French premier, M. Clemenceau, and that the chancellor sees no reason why the friendly relations existing between Germany and France should not continue.

Makes Homely Women Pretty.

No woman no matter how regular her features may be can be called pretty if her complexion is bad. Orino Laxative Fruit Syrup aids digestion and clears sallow blotched complexions by stimulating the liver and bowels. Jackson, Miss., Oct. 26.—The special train bearing the Illinois delegation who will take part in the dedication of the Illinois state monument at the Vicksburg battlefield Friday, arrived here early Thursday. Later in the day the delegation was received by Governor Vardaman and shortly after the reception resumed their journey for Vicksburg.

Amount of Cotton Ginned.

Washington, Oct. 26.—According to a bulletin issued Thursday by the census bureau, there had been ginned up to Oct. 18, 4,519,290 bales of cotton of the growth of 1906, counting round bales as half bales. For the same period last year 4,999,566 bales were ginned.

Blood Poisoning

results from chronic constipation, which is quickly cured by Dr. King's New Life Pills. They remove all poisonous germs from the system and infuse new life and vigor; cure sour stomach, nausea, headache, dizziness and colic, without griping or discomfort. 25c. Guaranteed by all druggists.

Six Hundred Years Without a Doctor.

According to Pliny, Rome flourished for 600 years without a doctor. It is maintained by some, however, that when making this statement Pliny was not aware that certain Greek physicians resided in Rome at least during a part of the period named. But there is certainly no question that in the early days of its history physicians were very scarce in Rome and doubtless because there was little occasion for their services. With the advance of civilization maladies have multiplied, and with the increase of disease there has been a proportionate increase of physicians.

Not a Barber Shop.

A Connecticut clergyman, says a writer in Lippincott's, while visiting friends once tucked his napkin into his collar to protect his clothing from the juice of the grape fruit at breakfast. He laughed as he did it and said it reminded him of a man he once knew who rushed into a restaurant and, seating himself at a table, proceeded to tuck his napkin under his chin. He then called a waiter and said, "Can I get luncheon here?"

"Yes," responded the waiter in a dignified manner, "but not a shampoo."

Lest We

There's none just as good as the Blue Ribbon Lemon and Vanilla. Absolutely pure, go twice as far and the "Blue Ribbon Flavor" is perfection. Ask for the 25c size.

W. P. Phillips and family of Meredith were in the city yesterday. Mr. Phillips is a member of the firm of Phillips & McEachern, extensive manufacturers of lumber.

Contractor R. F. Lewis of Wannee is in the city, having come on business. Mr. Lewis is extensively engaged in tie contracts in the West End, and is working a large force of hands.

Thos. Stevens has returned from Worthington Springs, where he has been for the past few weeks on account of his health. Friends will be pleased to learn that he is feeling better.

Alexander Little, formerly of Little Bros., phosphates, Jacksonville, is in the city on business. Mr. Little is a clever man socially and in a business way, and it is a pleasure to meet him.

Mr. and Mrs. J. W. Exley of Newberry were in the city Thursday. They came for the purpose of looking for a home for the family, as they are desirous of sending their children to school here.

"I DON'T DARE

To go into a town again after selling any sun beams," writes an agent who is doing the State of Florida and her merchants along the line of gasoline lights. I am in Alachua county to stay—don't dare get away. I am putting in the Pitner lights. See it at Dr. Johnson's.

J. H. Manners left yesterday for Williston, where he will remain for a day or two looking after his interests. He is engaged with Mr. Nelson in the trucking business, under the firm name of Nelson & Manners, and they have one of the most prolific small farms in that section.

Mr. and Mrs. W. M. Blitch of Santa Fe are in the city, guests of their daughter, Mrs. J. M. Rivers. Mr. Blitch is one of the Alachua county fair commissioners, and came to attend the meeting of the Board of County Commissioners yesterday. He also came to attend the meeting of Stonewall Camp, U. C. V., which will be held today, and of which he is a member.

NEW YORK RACKET.

CHEAPEST STORE ON EARTH

HOSIERY TALK.

The season has now come when it is necessary for the whole family to wear Shoes, and of course you can't wear Shoes without Stockings, and usually the Stocking bill is more than the Shoe bill. This will not be the case if you buy a standard brand of goods.

We have just received a large shipment of the celebrated BLACK CAT HOSIERY for Men, Women and Children, and this brand is too well known to need much talking about. The price commences at 10c and runs up The Boys' Hose at 15 and 25c wear almost like leather. See the line and try a pair next time you buy.

The Radcliffe Shoe for Ladies'—both button and lace—at $2.50 per pair are the best that money can buy.

We are now showing many new things in Fall and Winter Goods. It will pay you handsomely to do your trading with us, no matter what you need.

PHIFER BROS.,
Phifer's Corner, - Gainesville, Fla.

C. W. Bauknight of Archer was a business visitor to this city yesterday. Mr. Bauknight states that the cotton season has been very short, and is about at an end. Fall trade, however, has been very good, and the people of the Archer section seem to be prosperous.

"There is only one plumber in town, and his name is Brown." That is the title of an advertisement of J. W. Brown, plumber, which appears elsewhere in this issue. Mr. Brown is said by those in position to know to know his business, and proposes to do a large share of the plumbing business in Gainesville, of which there will be a great deal, since the sewers are being installed.

Past Grand Master James Carnell of Ormond, one of the prominent Masons of the State who came to attend the district convention, was a guest of Mr. and Mrs. W. B. Higdon while here. Mr. Carnell is thoroughly versed in Masonic work, and is well known from one end of the State to another. Aside from this, he is a most affable and entertaining gentleman, and it is a pleasure to meet him.

Senator A. S. Mann, industrial agent of the Gainesville and Gulf Railroad, has gone to South Florida on official business. Senator Mann is not only a hard roads advocate, but an all-round hustler, and is bound to develop the new country which will be traversed by the Gainesville and Gulf. He is in touch with the people of the Northwest who want to come to Florida, and will locate them satisfactorily.

G. W. Miller and G. W. Drummond of Trenton returned to their home yesterday, after a brief business trip to this city. Mr. Miller is engaged in the mercantile business at Trenton, and enjoys a fine trade. He was for some time employed by W. W. Colson as deputy county tax assessor, during which time he gave excellent satisfaction. Mr. Drummond is also a popular young man of his district.

George Taylor of Palmer was in the city yesterday, having come to attend the meeting of the sub-commissioners and the county commissioners on State Fair matters. Mr. Taylor is one of the strongest and most enthusiastic advocates of the Alachua county exhibit, and is bending every energy in the matter of securing a good exhibit there. Alachua county needs a few more like him.

The Atlantic Coast Line will sell from all points in Florida to Gainesville, November 12th-13th, account of the Florida Division of the Confederate Veterans' Reunion, tickets at the rate of one cent per mile plus twenty-five cents, with limit to return not later than midnight of the 16th. See your nearest railroad agent for exact rate, or for any further information write Frank C. Boylston, District Passenger Agent, Atlantic Coast Line, Jacksonville, Fla.

The coming of the ever-funny farce-comedy "Peck's Bad Boy" at the Opera House, Saturday, October 27, will delight every small boy, for there is nothing short of a circus that will make the eyes of the small boys sparkle with delight as quickly as a sight of the flaming posters along the walls announcing the coming of "Peck's Bad Boy." But not only does the small boy enjoy it, but adults as well, for it carries them back to the days of long ago and for the time they forget all cares, and imagine themselves back to their boyhood days. The play is full of bright and sparkling specialties; catchy music, combined with the pranks of the Bad Boy, make it one of the most entertaining of plays.

For Sale.

Black and white pointer pups, from the finest stock. Write for pedigrees and prices. J. Graeme Drew, Dunster, N. Y.
